

The ultimate keynote
about the most
awesome database in
the world ever.

Selena Deckelmann
Magnus Hagander
Dave Page

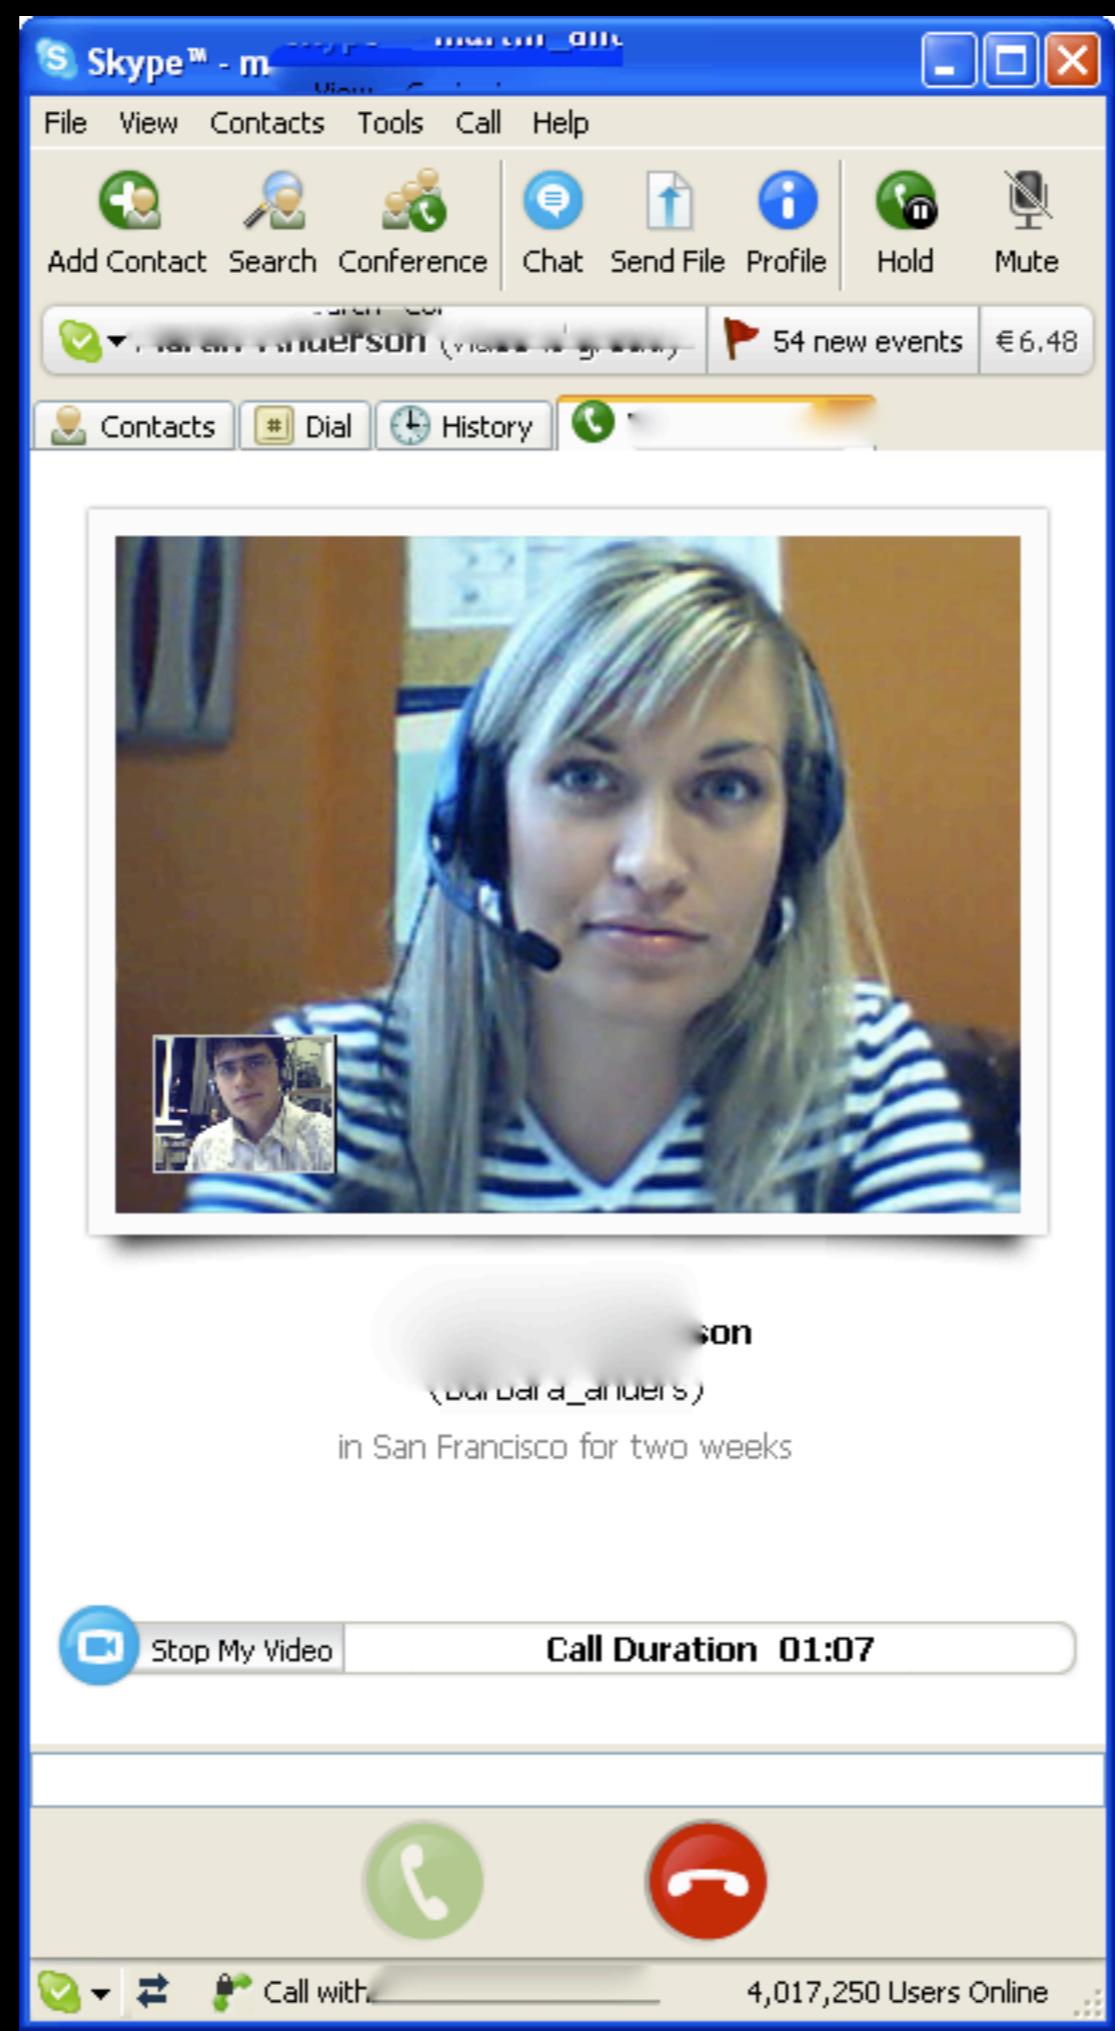

Distributed development.

A wide-angle photograph of a savanna landscape. In the foreground, a herd of elephants is walking along the edge of a body of water. Behind them, a large herd of antelope is scattered across the grassy plain. In the background, a large, steep mountain covered in dense green vegetation rises against a clear blue sky.

One group toward a common goal.
